Sir:

Applicant offers the following comments in response to the Examiner's Statement of Reasons for Allowance set forth in the Notice of Allowance dated September 18, 2007, the Examiner acknowledges that the claims are allowable because certain features therein are not taught or suggested by the prior art. However, the language used by the Examiner in describing these exemplary features is not the same as the language contained in all of the claims.

Accordingly, Applicant submits that each individual claim is allowable based on its own language, and not based on any paraphrasing of language that may be made by the Examiner. If the Examiner disagrees with Applicants' position, Applicants respectfully request the Examiner to reopen prosecution.

Respectfully submitted,
